

WEST CENTRAL FLORIDA SAFETY ALLIANCE MEETING

July 25, 2008

Meeting held @ Tampa OSHA Office

10:00am - 12:00pm

NOTES

Introductions

Introductions made; new attendees added to contact list (attached).

Old Business

1. Chairperson Statement was reviewed and approved.
2. Co-chairs were approved; they are: Ernie Harben and Sandi Potts.
3. Website discussion was tabled till the August meeting when Ernie to be present.

New Business

1. **Resource Guide** - After the June meeting, the Chairman of the Resource Guide Committee, Ed Collins, sent an e-mail to the group requesting they submit some of the most commonly asked safety questions. Ed suggested perhaps using a list of frequently cited OSHA violations as a start but to make the list as user friendly as possible. Ed was to compile information sent to him and was to present at this meeting but was unable to attend. This topic has been tabled till the August meeting. There was some discussion among the group as to how technical the Alliance should get when answering some of the above questions and exactly who or what will be in the Guide and who would make that determination.
2. **Warehouse Program** - Joan suggested that Patty along with Ernie Harben, Roger Babcock and Joe Wessell begin planning a "Warehousing & Distribution" half day program to be held sometime in October.

Topic of Discussion

Florida's New Gun Law - This law is being challenged so at present follow what is currently written.

NEXT MEETING

August 22, 2008
