SAFETY PRESENTATION: "Minimize Risk: Safety First Drug Testing", by Dr. Nancy King

1. Major drugs tested for in common drug tests
 - a. The 5 major drugs
 - b. How they are measured/tested
 - c. What might cause a false positive
 - d. How abusers try to work around the testing protocols (adulteration)
 - i. Gold n Seal Tea (diuretic)
 - ii. Vinegar (hoax - does not affect urine test results)
 - iii. Puratest (sold as product to ingest to prevent drug detection)
 - iv. Urine Luck (adulterator – no longer effective)
 - v. Urinator (temperature controller)
 - vi. Wizzinator 2000 (concealed sample carrier)
 - e. K2 Spice
 - i. Not currently detectable in standard drug tests
 - f. Rules related to out of date prescription filling: Each business and its MRO decide
2. Business Meeting and **Open Discussions**
 - a. Website: Add "Past and Future" presentation topics and Presenters. It My entice possible new members when they can see what's been discussed and what's coming up.
3. **Next Meeting:** August 19th Location TBD. Topic: Indoor Air Quality
