Ron White
Todd Fouliter

Ken Love
Jim Ulseth
Wayne McKinney
David E. Johnson

PRESENTATION:

Todd Foucher was our guest speaker. Todd is with Safety Products Inc (SPI) as an InTouch® Specialty Sales Representative.

Real time vehicle management can be accomplished affordably for a fleet of any size. Monitor and manage your own account by individual tracker or the entire fleet with a few clicks on a customizable web site which can send email alerts and text notifications. InTouch® takes you beyond incident reporting by making the major opportunities for improving your mobile workforce very obvious. Set benchmarks to match your unique goals, then use graphs, rankings and trends to track performance for your whole team or any individual technician. You'll see lasting improvements in your mobile workforce and significantly increase your return on the investment.

BUSINESS MEETING:

In our business meeting we discussed upcoming safety events:

- TASC Shoot for Safety and passed out materials for Saturday, March 10th (participation or sponsorships available)
- SPI Fleet Safety Safety Forum, February 21st in Orlando, Free to attend – buffet lunch is included!
- Florida Mine Safety & Health Conference, Kissimmee, starting on 2/27
- ATSSA Expo, Tampa Convention Center, starting on 2/14

We also discussed new topics we would like to explore for obtaining guest speakers:

- Ladder safety and animal control – Ken Lore with Bright House is going to get some contact names for us on these topics
- Legoland tour – Joan will contact someone
- Outdoor workers and wild life – David Johnson with JH Ham is checking into
- Other suggestions were: FR clothing, fire extinguishers and fire safety and pests/pesticides

Our next meeting is at the TASC with a TASC/OSHA Alliance meeting on 2/17. Guest speaker is Alex Berti with Honeywell Safety Products. The topic is Hearing Conservation and is from 9:00 – 11:00 with a WCFSA business meeting to follow at 11:00. We were thinking anyone who would like to participate by bringing \$3 to purchase pizza for the group that we would do that. Will need to arrange with Patty on the order, etc...
