### Other Items

- We will conduct another end of year survey of members to make sure we are meeting the needs of the WCFSA member, to learn from our activities in 2014 and to know where to grow in 2015 and what our goals are. We will review the results at the January meeting.
- Sustainablewp.org has offered members of the WCFSA to participate in some classroom style training that they will have becoming available. More details to follow, but check out their website.
- If any members are interested in joining our leadership team in 2015, please let us know. Shared responsibilities include: event management, meeting coordination and guest speaker organization.
